

INFINITY® ADVANTAGES VS. COMPETITION

	<p>UV Resistant Styrene Surface. <i>*Test Method: ASTM G154-16 Custom Cycle Test Lab: Q-Lab Test Services</i></p>
	<p>22% less in weight (*results based on 3/16" 4'x8') Reduced freight costs.</p>
	<p>Over 30% production time savings. Cuts cleanly with a drag knife vs routing... even up to ½" thickness!</p>
	<p>No Pre-Cleaning required – countless production hours saved.</p>
	<p>Smoothest surface. Ease in profiling, less ink usage, less production cost! Ability to laminate accessory materials.</p>
	<p>Pooled & Drop Ship Programs.</p>
	<p>Run to size sheets: 16"x22" to 60"x192" and everything in between!</p>
	<p>Gauges: 3mm to 1" Available in 3mm, 3/16", 1/4", 3/8", 1/2", 3/4", and 1" 3mm can replace PVC!</p>
	<p>Fold and ship into standard boxes. Can be cold-bent and folded to fit into standard UPS/FEDEX box dimensions.</p>
